Quiet Please

Robert,
I'll always think of you as my son. Keep the nice manners you have + you will go far. I'll always pray for your success.
Mrs. Hawk

Dear Mason,
Keep being the gentleman you are.
May success be yours,

MEMPHIS TENNESSEE

'TITLE OF PLAY (1939), AWARDED THE 1940 PULITZER PRIZE, WHICH SAROYAN REFUSED.

Foreword

How many people, objects, things, or situations do we remember as sharp, distinct images? None.

Since 1961 and the first "candid" camera, we have come to live with an instrument that holds and captures for us a thin slice of life, just as we lived it and more important, as we remember it with all the effects of retrospective falsification and imperfect recall.

This is why--TIME--was chosen for this year's COBRA to capture the timely, intimate and miniature microcosms of life at Carver High School.

The composition, framing point of view of the entire presentative, is designed to relive and refresh our emotional recollection of feelings, impressions, and images captured during this school year.

In Dedication for Faithful Service to Carver High School

We, the Seniors of the class of 1966, proudly dedicate the COBRA to our librarians--Mrs. Marian M. Morrison, Mrs. Frances M. Duvall, and Mrs. Harriet W. Young, a a former librarian now employed at Lester High School.

Through your highly efficient management of library services, The Carver Library has become the cultural center of our school. Your handling of technical library skills has helped us enlarge our world by providing for us the very best reading materials so that we are acquainted with the world of today and have been given the potential to meet the needs of tomorrow. We sincerely believe that the reading habits you have helped us acquire will make us lifetime library patrons.

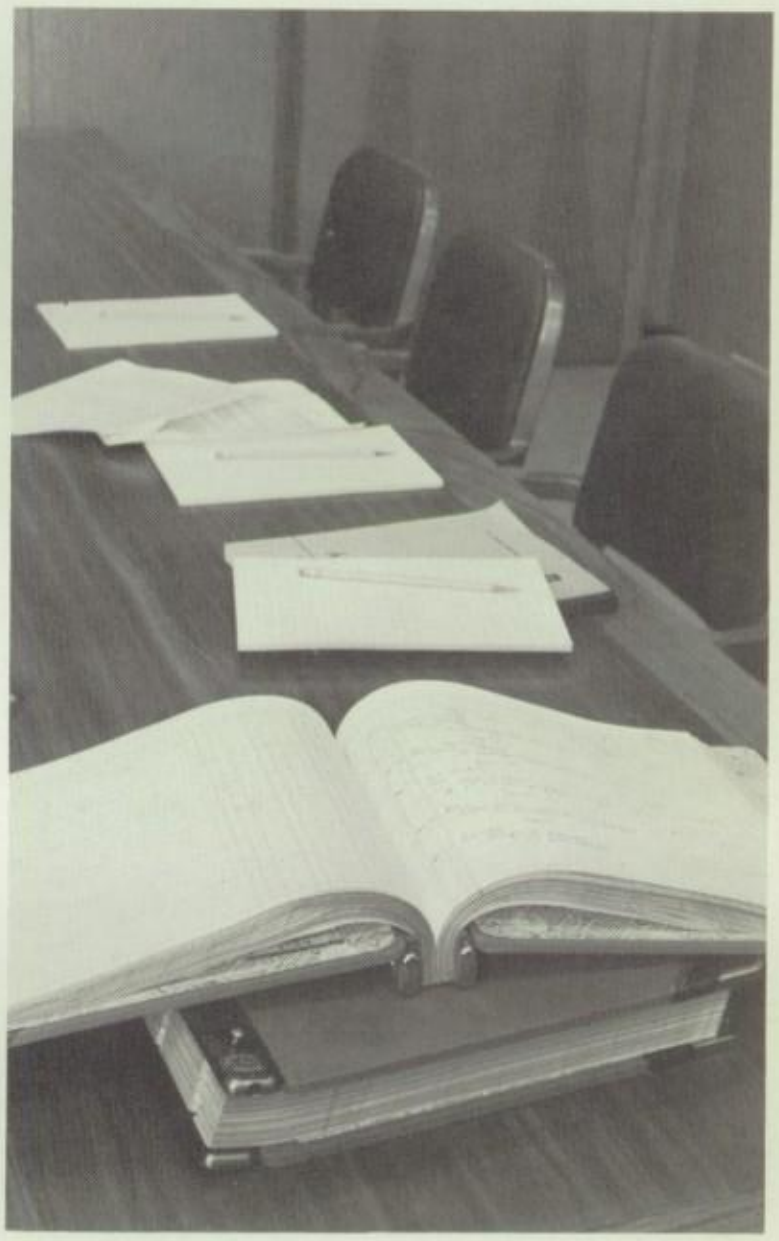
Mrs. Marian M. Morrison

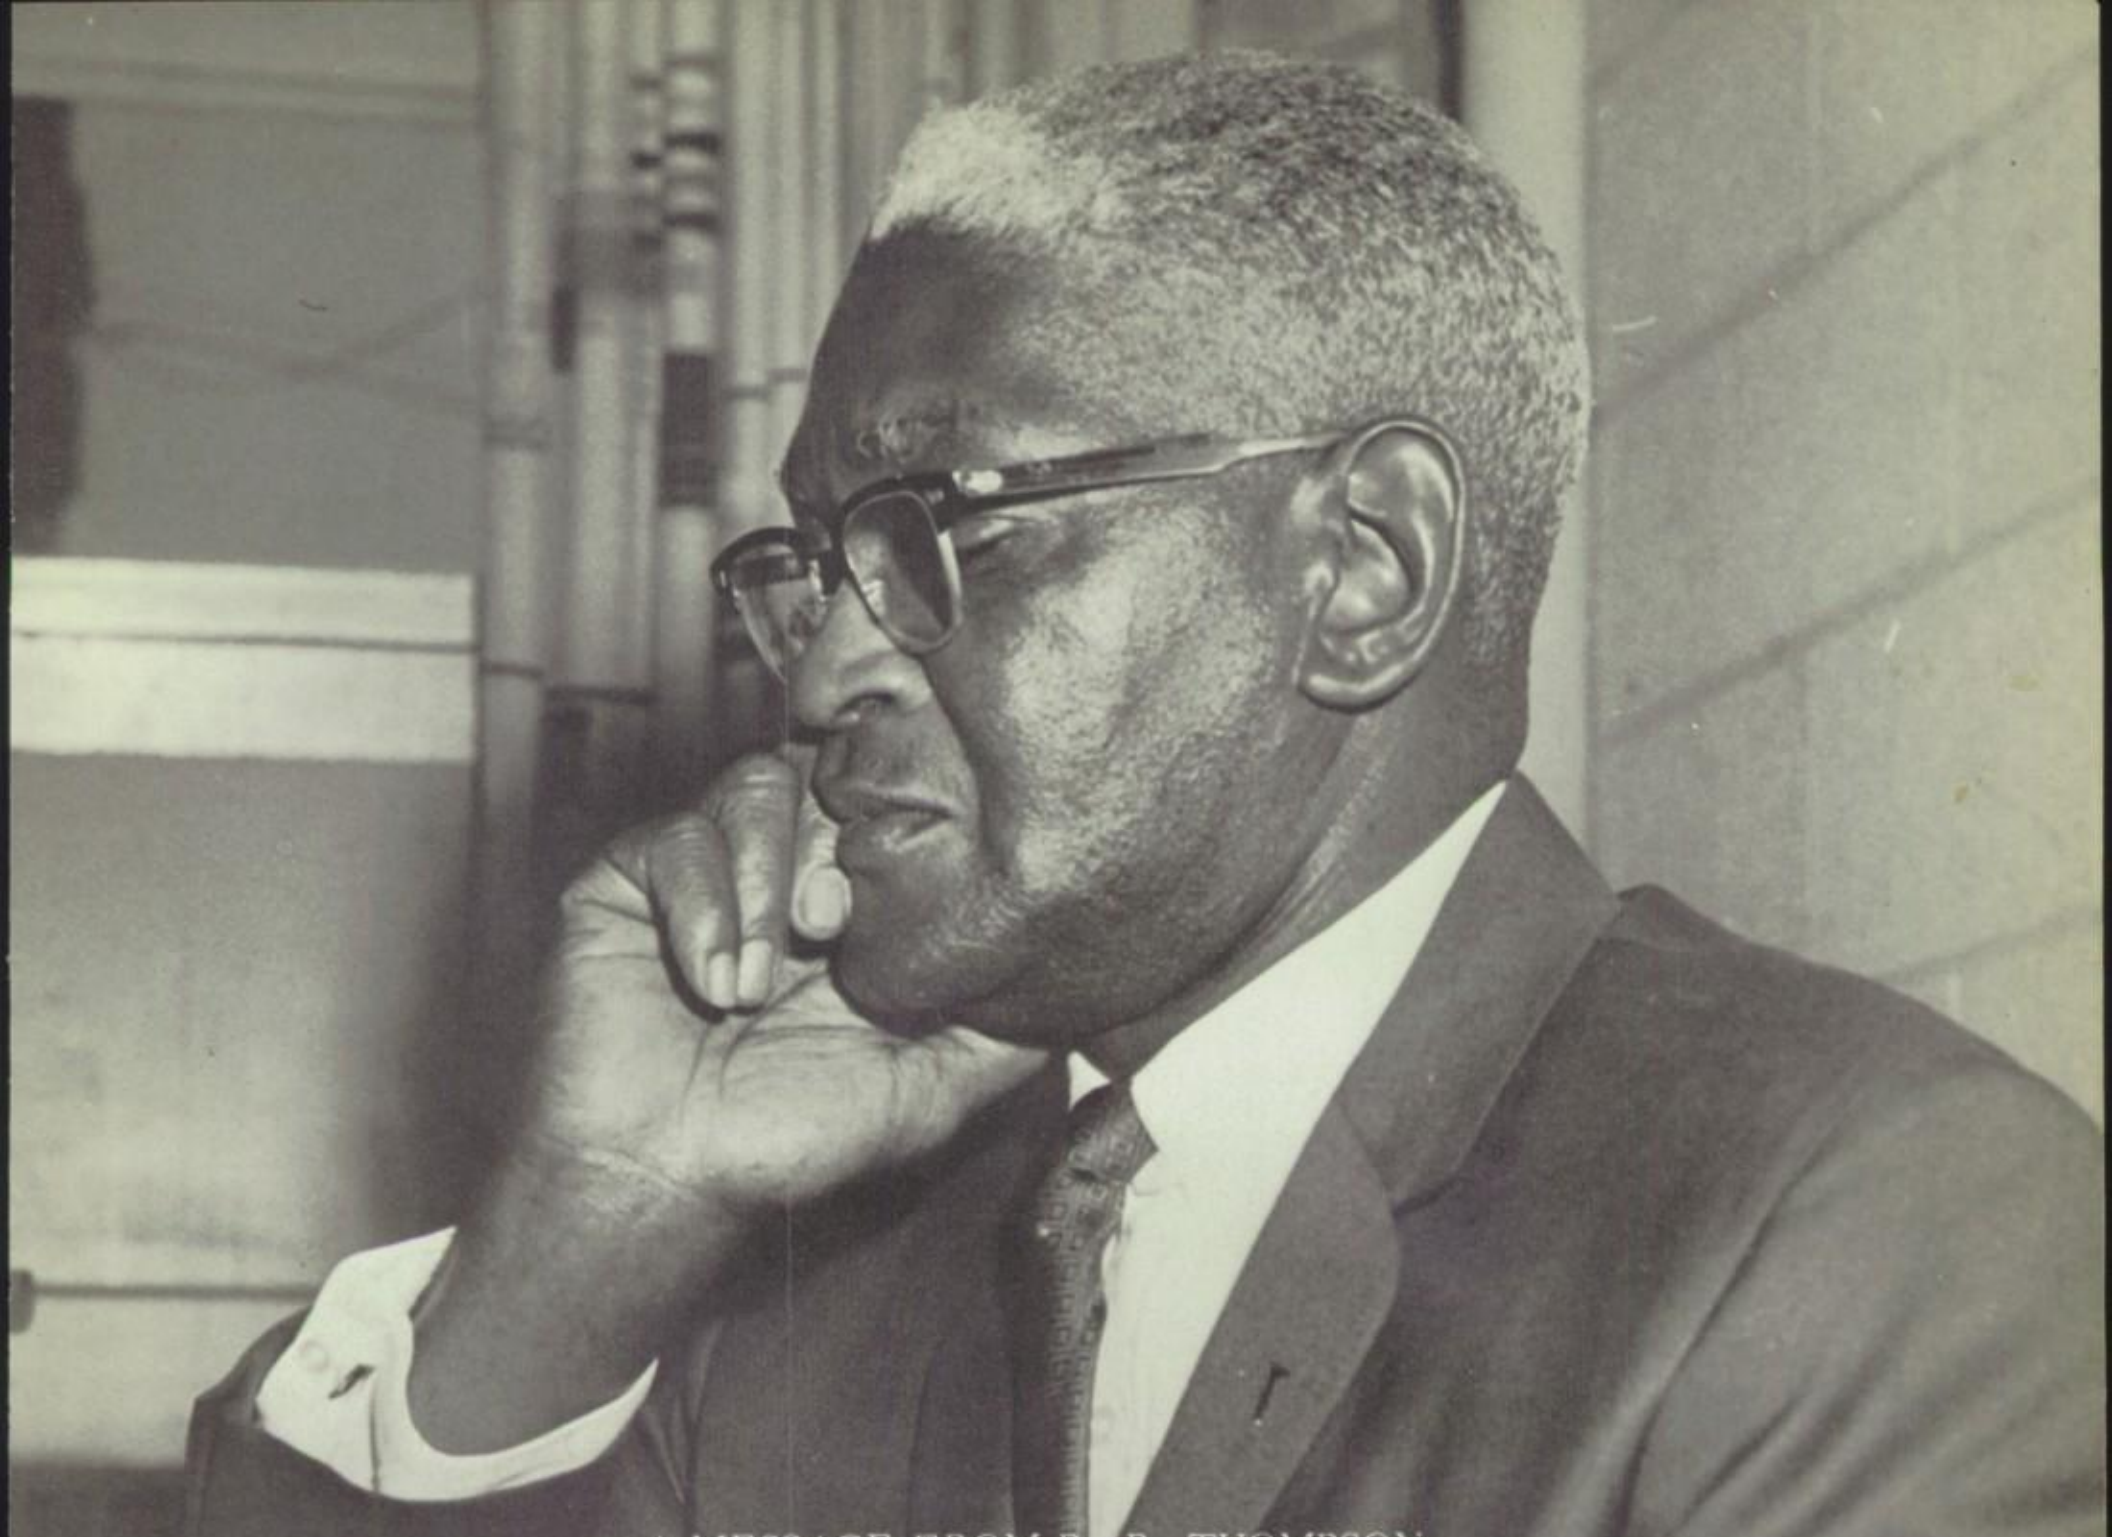
Mrs. Frances Duvall

Mrs. Harriett W. Young

You are to be highly commended for the fine spirit of cooperation you have given our classroom teachers. This perfect teamwork has helped us utilize the library as a laboratory for intellectual growth, for developing independence, and for extending reading pleasure.

ADMINISTRATION





A MESSAGE FROM R. B. THOMPSON,
Principal of Carver High School

MY YOUNG PEOPLE:

Our time--The Great Society . . . These are days of unusual opportunities, I say, today and tomorrow are bright for you. There is a spirit of confidence abroad in the world.

It is important to learn to speak and write well, and it is necessary and desirable to take courses, read books and pass examinations. It is important to get a broad education and to be basically prepared to live in a changing world which is rapidly approaching interplanetary travel.

A broad education is more than developing curiosity, acquiring knowledge and using reason to limit. It is indeed no less than getting that kind of understanding and discovering those ideas and ideals that give us the values and wisdom for significant living.

As your friend and principal, I trust that His Grace will help you to call forth the best of your abilities and qualities--not the capacity to know and think, but the desire to; not only a disciplined mind but an imaginative; not only the will to do but the capacity to develop a love for it; not only an open and adventurous mind but one capable of faith and commitment; not only a tolerant spirit but a generous one.

All of us, individuals and institutions, are mortal and have limitations. As you live your life, learn to love the right things, remembering that the capacity for love is as important as the capacity to know.

Administrators Plan for Future Years . . .

Assistant Principal L. E. Stovall confers with teacher and student. In his job, he helps to schedule Carver's program, and serves as Mr. Thompson's right hand man.

Office Personnel

Foreground: Mrs. M. R. Wooten, Mrs. Dora King, Mrs. Lurline Jones. Background: Mr. Thompson and Mr. Stovall.

Their efforts and concern for our welfare are familiar . . . Let the office become noisy and they're "disturbed." Being the office secretaries mean real work, and there's plenty that they do in the Carver Office.

Guidance Counselors

Mrs. F. D. Hooks, Mrs. G. A. Little and W. H. Cross

"THANK YOU" FROM VIET NAM
(Excerpts from the letter)

"Students of Carver High School

Dear Young People:

A letter is far inadequate to express my overflowing thanks for the . . . Christmas boxes that you sent . . . As a platoon Sgt. in the Infantry, I have 40 men serving under me and you may rest assured that the box full of toiletries was much appreciated and dispersed throughout the platoon . . .

The linen, wash cloths, socks, etc., will be well used, you may be sure, by all of my men as well as myself.

The Future Homemakers of America simply outdid themselves with their package of "goodies." I'm sorry to have to tell you that with 40 Infantrymen digging in that box, it didn't last long . . . A little like water going down the drain of a bath tub. Believe me these guys and myself, can eat! I have been a soldier in the Parachute Infantry for 19 1/2 years. I will retire soon. Never before have I been so touched by a gesture of kindness such as yours for a serviceman overseas in war at Christmas time.

. . . I am most thankful that America has young people with the grace and thoughtfulness that you . . . have. It makes war over here, and this is my second war . . . fighting for the sometimes nebulous cause that we are--with it! To your teachers and principal also goes my and my men's deepest thanks.

Is there anything your school would like for me to send you from over here? I'd be happy to do so if you let me know . . .

. . . Again sincerely--Thanks much!!

Most Sincerely,
Bernard J. Townsend, II

Dear Robert.
Your stately manner, refined
air, and sense of particular taste, is
sure to be the very thing
that makes you a success. But
what is success? Step outside
your back door, it's there!
Good Luck to you always,
